

# Do you need a computer for your student?

On **Monday, March 30**, at each of our schools, parents can pick up a device so their student can get online next Tuesday and continue their education through Distance Learning.

We do not have enough computers for every student.  
The program is for students who do not have access  
to a computer or tablet at home.

## Here's what you need to know:

- It will take place on **Monday, March 30**, at **all our schools**. Go to the school where your student is currently enrolled.
- **Grades 6 through 12 will have check-out from 8:30 a.m. to 12:30 p.m.**
  - **Pick up at Zephyrhills High School:**
    - **8:30-12:30 in gym parking lot**
- **Grades pre-kindergarten through 5th will have check-out from 1:30 p.m. to 4:30 p.m.**
- Each school will contact parents and communicate the process that will be used to check-out a device. Most schools will be using a scheduling system to avoid large groups of people congregating on campus at any given time.
- When you pick up a device, we will provide a one-page **Quick Start Guide** to get you started with distance learning.

Already have a device at home? It should work fine.

We recommend:

- Laptops (Windows, Mac, or Chromebook) with a camera and a recent version of the Chrome browser.
- 4-8G of RAM.
- Other devices, including tablets and iPads with the Chrome browser installed, will also work for most applications.
- Students may also use the browsers on many common video game platforms to access most of our online material.
