MEMORANDUM

To: Parent(s)/Guardian(s)

From: Patricia Howard, Senior Manager

Re: Athletic Excess Coverage

The Pasco County School Board will provide 'Excess' student athletic insurance coverage administered by School Insurance of Florida for all student athletes during the regular school term. The plan provides limited excess coverage for medical expenses that arise from the treatment of accidental injuries incurred while a student participates in school interscholastic sports FHSAA practices and games, as sanctioned by the Florida High School Athletic Association. The coverage is effective during the regular school term and terminates at the end of the school year.

Please take the time to read the attached policy information explaining the coverage under the athletic insurance plan; the limited schedule of benefits and the maximum amount payable on certain expenses. The plan will not pay for 100% of all billed charges. You must file a claim with any employee group or personal primary insurance first. Parents should obtain additional primary coverage on their own to protect students from illness or accidental injury. If your student does have an accidental injury you should stay in your primary insurance network in order to receive the most benefits you are entitled to receive.

The Pasco County School Board has a list of preferred medical providers who are aware of the benefits provided under the excess student athletic insurance policy. These medical providers have shown an interest in charging for services according to the policy limits. Their continued support has kept the insurance premium more affordable for the Board and minimizes any out-of-pocket expenses for parents. Visit www.schoolinsuranceofflorida.com to print an up to date listing of these medical providers. Remember, you must stay in your primary insurance network first, in order to receive the maximum benefits.

Although the use of these preferred providers is voluntary, we encourage you to use these providers especially when the athlete is not insured under any other valid and collectible insurance or plan. **NOTE: THIS IS NOT A GUARANTEE OF PAYMENT FOR MEDICAL SERVICES. YOU MAY ENCOUNTER CERTAIN OUT-OF-POCKET EXPENSES WHEN YOUR SON OR DAUGHTER IS TREATED FOR ACCIDENTAL INJURIES.**

Again, be sure you read the insurance information and follow the correct procedures in the event an accidental athletic injury requires medical treatment. **If you have any questions regarding this coverage, please contact School Insurance of Florida at 1-800-432-6915 or www.schoolinsuranceofflorida.com.**

2021-2022 PASCO COUNTY SCHOOL DISTRICT
INTERSCHOLASTIC SPORTS ACCIDENT INSURANCE SUMMARY

IMPORTANT NOTICE TO PARENTS OF PASCO COUNTY SCHOOL DISTRICT STUDENT ATHLETES

Your school is very interested in providing a safe environment for all students. However, accidents do happen every day during school activities. Therefore, the School Board of Pasco County purchases an interscholastic sports accident policy for student athletes. We strongly urge all parents to read this description of coverage in case an accident occurs during a sports practice or game. This policy may not pay for 100% of all medical expenses due to the limits of the policy as described below. The school cannot accept financial responsibility for any expenses due to interscholastic sports related injuries or any expense not covered by the school insurance policy.

The policy insures Senior High and Middle School student athletes and cheerleaders while they are participating in school supervised interscholastic sports practice sessions and games during the regular school term. Student athletes and cheerleaders are also protected during group travel in a school bus or van to and from the school and a covered interscholastic athletic event site. Travel in vehicles not owned or operated by the school is not covered.

Pasco student athletes injured while practicing for or competing in interscholastic sports during the regular school, as sanctioned by the Florida High School Athletic Association, may file for policy benefits. Pasco athletes that may be injured during off-season, school sponsored 'conditioning programs' that are scheduled and directly supervised by the school coach are also entitled to file for policy benefits. 'Conditioning' is defined as cardiovascular exercise or weight training. Weight training is the use of free weights and stationary apparatus. Cardiovascular conditioning is distance and interval training. Plyometrics is the use of pre-set conditioning programs. 'Conditioning' IS NOT teaching sport specific skills and drills and DOES NOT involve the use of sport specific equipment (i.e. starting blocks, hurdles, rebounders, ball machines, bats, balls, rackets, etc.). **Injuries sustained during the summer or during any open gyms/facilities or camps are not covered by the Pasco sports policy. Off-season practices, drills or scrimmages are not covered under this plan. The coverage is effective during FHSAA sanctioned seasons as scheduled by FHSAA.**

The School Sports policy is EXCESS INSURANCE. The policy will not allow anyone to profit by collecting duplicate benefits from several insurance sources. Any benefits that could be collected from any other insurance, PPO, HMO or other available source of coverage must pay first. If primary HMO or PPO coverage is available through your employer-sponsored plan, you should use the HMO or PPO approved doctors, hospitals and other providers for treatment of your child's injuries. If you do not use your available primary HMO or PPO networks, the school sports policy benefits will be reduced and you will be solely responsible for paying any unpaid medical bills not covered by the school sports policy.

SPORTS POLICY MAXIMUM BENEFIT LIMITS

The sports policy may not pay for all sports accident-related medical expenses. **Some bills may exceed the limits of the policy. Visit www.schoolinsuranceofflorida.com for a listing of providers in your district.** The maximum policy benefits are listed below. For a claim to be considered eligible for policy benefits, an injured student must receive medical treatment by a licensed physician within ***sixty (60)*** days after the date of the original covered accident.
