## AVID Bridge Program, Summer 2023

Dear Parents/Guardians:

Zephyrhills High School is proud to announce a unique opportunity for our current 9<sup>th</sup> and 10<sup>th</sup> grade AVID students! This opportunity is a ProPhone and the Environment summer science camp with some exciting activities. ProPhone and the Environment is a problem-based learning program of inquiry-based activities and investigations in environmental science that authentically incorporate scientific methods and collaborative problem solving.

AVID Summer Bridge Dates: **20-Day Program.** The program will run **Monday - Thursday.** **No school on Friday.**

- **June 5, 6, 7, 8,**
- **June 12, 13, 14, 15**
- **June 19, 20, 21, 22**
- **June 26, 27, 28, 29**
- **July 5, 6, 7**
- **July 10**

Science should be exciting for students. That is what the ProPhone and the Environment Summer Bridge Program is all about: students engaging in and enjoying science, students growing in problem-solving and critical thinking abilities, and students participating in a positive learning environment.

We look forward to sharing these experiences with your child. If you have questions, please feel free to call ZHS at 813-794-6100.

To accept this invitation to the AVID Summer Bridge program, please click the link below and complete the application:
