

POSITIVE MESSAGE PROJECT

What is the Positive Message Project?

Join the Zephyrhills Youth Council's Positive Message Project and help spread kindness and positivity throughout our community! Create heartfelt cards to brighten the day of seniors in nursing homes, patients in hospitals, and our brave troops serving the nation.

Students can drop off the cards at their designated homeroom. Members of the public may use the following locations:

- Downtown Dance Collective
- Ricks Cafe
- Sunrise Eatery

Why should you do this?

The Positive Message Project spreads kindness and fosters community unity by creating heartfelt cards for individuals in nursing homes, hospitals, and care facilities. This initiative uplifts those feeling isolated, while promoting positivity, empathy, and volunteerism, especially among youth. It inspires a ripple effect of goodwill, strengthening the community and encouraging others to join in spreading joy and support.
